SUBJECT INDEX FOR VOLUME 33

Abdomen, mesothelioma of with long-delayed recurrence, 247
Abdominal colectomy, cholchicine for persistent constipation after (brief report), 81
Ablation therapy, for gastroesophageal reflux disease and Barrett's esophagus, 262
ACE inhibitor, in eosinophilic gastroenteritis, 157
Acetaminophen, in liver failure, 191
Achalasia
  endoscopy in, 185
  vigorous, 375
Addison's disease, watermelon stomach arising in association with (letter), 173
Adenocarcinoma
  mucinous, in chronic perianal fistulas (letter), 175
  small intestinal, 267
Adenoma, small intestinal, 267
Adolescents, solitary rectal ulcer in gastrointestinal bleeding in, 72
Adrenal insufficiency, with corticosteroid therapy, 289
Adult T-cell leukemia/lymphoma, clinical and endoscopic features of with duodenal involvement, 241
Alanine aminotransferase, in gallstone pancreatitis, 41
Amebic liver abscess, HIV infection and, 64
5-Amino salicyclic acid plus glucocorticosteroid, versus metronidazole and ciprofloxacin in active ulcerative colitis (letter), 85
Amplicor Monitor, in hepatitis C virus RNA assay, 45
Anal ring, correct visualization of (letter), 346
Anemia, interferon alfa-induced pernicious, in chronic hepatitis C infection (letter), 426
Aneurysm, celiac trunk, Behcet's disease complicated with (letter), 174
Anion gap, predicting severity in acute pancreatitis (letter), 343
Announcements, 257
  International Meetings, 94
  Meetings in United States, 93
Anorectal pain, in women, 283
Anteretrograde amnesia, midazolam in (editorial), 353
Anti-double-stranded DNA disease, protein-losing enteropathy in, 340
Anti-HCV antibody, seroprevalence of in Punjab region of Pakistan, 407
Antinuclear antibody, expression and clinical significance of in hepatitis C virus, 402
Antireflux surgery, for gastroesophageal reflux disease and Barrett's esophagus, 262
Arteriovenous malformation, with common bile duct dilation in hemobilia patient, 61
Ascorbic acid levels, in home parenteral nutrition patients, 393
Autoantibody, in chronic hepatitis C virus and hemolytic anemia, 232
Autoimmune hemolytic anemia, warm-type, chronic hepatitis C virus associated with, 232
Autonomic nervous system, in dyspepsia in children, 11
Autosomal dominant polycystic kidney disease, living donor liver transplantation for, 229

Bacterial peritonitis
  long-term prognosis for cirrhosis after treatment of, 295
  mortality with (editorial), 259
Bacterial theory, of gastric cancer, 177
Balloon catheter-assisted endoscopic sclerotherapy, for gastric fundal varices, 49
Balloon dilatation, of Crohn's strictures, 315
Barkin, Jamie Steven, biography of, 351
Barrett's adenocarcinoma, with lymphoid stroma, 141
Barrett's esophagus
  in chronic heartburn (editorial), 260
  chronic proton pump inhibitor use and (editorial), 3
  clinical and demographic predictors of, 306
  Helicobacter pylori as host of (letter), 424
  medical, surgical, and endoscopic treatment of, 262
Behcet's disease, complicated with celiac trunk aneurysm (letter), 174
Benign duodenal tumor, periambullary, 154
Biliary giardiasis, with HIV infection, 167
Biography
  of James Francis King, 1
  of Jamie Steven Barkin, 351
Boerhaave's syndrome, pediatric case of (brief report), 77
Book reviews
  Diseases of he gastroesophageal mucosa, 428

Brunner's gland hamartoma, small intestinal, 267

CagA, seropositivity against in Turkish gastric cancer patients, 389
Caloric requirements, in nutritional assessment, 14
Calorimetry, indirect, in nutritional assessment, 14
Cameron lesions, presenting as life-threatening gastrointestinal bleeding (letter), 423
Cancer, gastric
  interaction of cyclooxygenase-2 and inducible nitric oxide synthase in, 383
  seropositivity against *Helicobacter pylori* CagA in, 389
Carcinogenesis, intestinal, 267
Carminatives, diffuse esophageal spasm and (editorial), 8
Case control study, of hepatitis C in hepatocellular carcinoma, 123
Case report
  of amebic liver abscess and HIV infection, 64
  of intramural duodenal hematoma presenting as complication of peptic ulcer, 53
Cataracts, with corticosteroid therapy, 289
Ceftriaxone, long-term prognosis for cirrhosis after treatment with, 295
Celiac disease
  nodular regenerative hyperplasia of liver with, 323
  with small bowel neoplasms, 267
  at sunset of puerperium (letter), 90
Celiac trunk aneurysm, Behcet's disease complicated with (letter), 174
Centrilobular hepatic necrosis, plasma isocitrate dehydrogenase as marker of, 118
Cerebellar metastasis, as gastric cancer presenting feature (brief report), 80
Cervical pain, diagnosis and treatment of, 283
Chemoembolization, transarterial, for hepatocellular carcinoma (editorial), 180
Chest pain, in vigorous achalasia, 375
Childhood constipation, evaluation and treatment of, 199
Children
  Boerhaave's syndrome in (brief report), 77
  dyspepsia evaluation in, 11
Chinese population, non-*HFE*-linked iron overload in, 69
Cholangiopancreatography
  clinical applications of, 362
  endoscopic retrograde, 218
  laparoscopic cholecystectomy and (editorial), 183
Cholecystectomy, laparoscopic
  endoscopic retrograde cholangiopancreatography and (editorial), 183
  endoscopic therapy after, 218
Cholestatic jaundice, prolonged, hepatitis E virus presenting as, 421
Cholestatic liver disease, infectious mononucleosis with in elderly (letter), 88
Ciprofloxacin, metronidazole and in active ulcerative colitis (letter), 85
Cirrhosis, long-term prognosis for, 295
Clinical practice, magnetic resonance cholangiopancreatography in, 362
Clinical predictors, of Barrett's esophagus with gastroesophageal reflux disease, 306
Coccygodynia, diagnosis and treatment of, 283
Coinfection
  with hepatitis C, 20
  of hepatitis C and HIV, 367
Colchicine, for persistent constipation after total abdominal colectomy with ileorectostomy for colonic inertia (brief report), 81
Colitis
  ischemic, with paclitaxel, 159
  ulcerative
  hyperbaric oxygen therapy for, 337
  Lactobacillus casei subsp. *rhamnosus* sepsis with, 251
  sclerosing cholangitis and, 299
Colon cancer, synchronous with pancreatic cancer (letter), 91
Colonic complications, paclitaxel-induced, 159
Colonic inertia, persistent constipation after total abdominal colectomy with ileorectostomy for (brief report), 81
Colonoscopic hydrostatic balloon dilatation, of Crohn's strictures, 315
Colonoscopy
  anatomical distribution of colorectal polyps at, 222
  postendoscopy syndrome with (editorial), 353
Colorectal cancer, chronic proton pump inhibitor use and (editorial), 3
Colorectal polyps, anatomical distribution of at colonscopy, 222
Common bile duct dilation, pancreaticobiliary arteriovenous malformation with, 61
Community teaching hospital, gallstone pancreatitis in, 41
Complete somatostatinoma syndrome, duodenal somatostatinoma presenting with, 415
Congenital malformations, with corticosteroid therapy, 289
Constipation
  childhood, 199
  cholchicine for (brief report), 81
  chronic, endoscopy in, 185
  functional, 199

Contraceptives, rapid disappearance of hepatic adenoma after withdrawal of, 234
Corticosteroids, side effects of, 289
Costs, of unsedated small-caliber versus conventional esophagogastroduodenoscopy, 210
Cricopharyngeal dysfunction, endoscopy in, 185
Crohn's disease
  hyperbaric oxygen therapy for, 337
  sclerosing cholangitis and, 299
  with small bowel neoplasms, 267
  terminal ileum resection and higher plasma homocysteine levels in, 132
Crohn's strictures, colonoscopic hydrostatic balloon dilatation of, 315
Crosses, ingestion of, 310
Cryoablation, for hepatocellular carcinoma (editorial), 180
Cryoglobulinemia
  hepatitis C-associated, follow-up of with maintenance interferon, 327
  symptomatic mixed, with hepatitis C, long-term interferon-α therapy for, 137
Cutaneous vasculitis/membranoproliferative glomerulonephritis, with hepatitis C, long-term interferon-α therapy for, 137
Cyanoacrylate, in balloon catheter-assisted endoscopic sclerotherapy for gastric fundal varices, 49
Cyclooxygenase-2 (COX-2), interaction with inducible nitric oxide synthase in gastric cancer, 383

Delayed hypersensitivity, with corticosteroid therapy, 289
Dementia, with corticosteroid therapy, 289
Demographic predictors, of Barrett's esophagus with gastroesophageal reflux disease, 306
Depression, gastric dysrhythmia and in functional dyspepsia, 127
Diagnosis
  of anorectal and pelvic pain in women, 283
  of gastric cancer (brief report), 80
  techniques of for childhood constipation, 199
Dilated common bile duct, endoscopic ultrasonographic evaluation of, 302
Disease progression
  of untreated hepatolithiasis (editorial), 95
  of untreated hepatolithiasis with no clinical signs at initial presentation, 114
Disimpaction, for childhood constipation, 199
Diverticulosis, jejunal, gastrointestinal bleeding and, 412
Duodenal somatostatinoma, presenting with complete somatostatinoma syndrome, 415
Duodenal ulcer
  liver penetration by, 56
  perforated, effectiveness of one-week triple eradication therapy for (letter), 173
Duodenum
  adult T-cell leukemia/lymphoma involvement in, 241
  benign tumors of, 154
  intramural hematoma of presenting as peptic ulcer complication, 53
  mass of with peptic ulcer, 53
Dyspepsia
  depression and gastric dysrhythmia in, 127
  evaluation techniques for in children, 11
Dysphagia, pharyngeal and upper esophageal sphincter manometry for, 355

focal nodular hyperplasia of with intraconazole treatment, 418
nodular regenerative hyperplasia of with celiac disease, 323
Liver abscess
amebic, HIV infection and, 64
Liver-assisting devices, for acute liver failure, 191
Liver cirrhosis, decompensated, symptomatic hypothyroidism in (letter), 172
Liver failure, acute, 191
Liver transplantation
adult living donor, 97
living donor, for polycystic liver with autosomal-dominant polycystic kidney disease, 229
Liver tumors, benign, oral contraceptives and, 234
Living donor liver transplantation, for polycystic liver with autosomal-dominant polycystic kidney disease, 229
Lobar liver atrophy, with untreated hepatolithiasis, 114
Long-term survival, with cirrhosis after spontaneous bacterial peritonitis treatment, 295
Lymphoepithelioma, Barrett's adenocarcinoma of esophagus with, 141
Lymphoid stroma, Barrett's adenocarcinoma of esophagus with, 141
Lymphoma
adult T-cell, clinical and endoscopic features of with duodenal involvement, 241
low-grade, of mucosa-associated lymphoid tissue, endosonographic images of, 237
small intestinal, 267

Magnetic resonance cholangiopancreatography, clinical applications of, 362
Magnetic resonance imaging, of hepatic adenoma, 234
Malabsorption, small intestinal, improving serum D-xylose test for, 36
Malignant tumors
small intestinal, 267
solid cystic tumor of pancreas with, 333
Manometry
for childhood constipation, 199
peppermint oil improving findings in, 27
pharyngeal and upper esophageal sphincter, 355
for vigorous achalasia, 375
Meckel's diverticulum, synchronous gastric adenocarcinomas in (brief report), 78
Meetings
international, 258
in United States, 257
Melanoma, small bowel, 267
Membranoproliferative glomerulonephritis, with hepatitis C, long-term interferon-α therapy for, 137
Mesothelioma, peritoneal with long-delayed recurrence, 247
Metabolic disease, in liver failure, 191
Metastatic neoplasms, small bowel, 267
Metronidazole, ciprofloxacin and in active ulcerative colitis (letter), 85
Midazolam, for postendoscopy syndrome (editorial), 353
Mononucleosis, infectious, with severe cholestatic liver disease in elderly (letter), 88
Mortality
with infliximab (letter), 255
with spontaneous bacterial peritonitis (editorial), 259
Motility disorders
in dyspepsia in children, 11
endoscopy in, 185
esophageal, with chronic granulomatous disease, 330
Mucinous adenocarcinoma, in chronic perianal fistulas (letter), 175
Mucosa-associated lymphoid tissue, low-grade lymphoma of after radiotherapy, 237
Multidisciplinary treatment, for hepatocellular carcinoma (editorial), 180
Multiorgan failure syndrome, with acute liver failure, 191
Myopathy, with corticosteroid therapy, 289

Neoplasms
esophageal, with lymphoid stroma, 141
small intestinal, 267
Neuroanatomy, of female pelvis, 283
Neuroendocrine tumors, of small intestine, 267
Nitric oxide synthase, inducible, interaction with cyclooxygenase-2 in gastric cancer, 383
Nocturnal gastric acid breakthrough
intragastric pH monitoring for, 107
with proton pump inhibitors, 262
Nodular regenerative hyperplasia, liver, with celiac disease, 323
Nonsteroidal antiinflammatory drugs, in giant duodenal ulcer with liver penetration, 56
Nutritional assessment, indirect calorimetry in, 14
Omeprazole, long-term, continuous versus alternate-day administration effects on serum gastrin, 32

Oral contraceptives, rapid disappearance of hepatic adenoma after withdrawal of, 234
Ossification, solid cystic tumor of pancreas with, 333
Osteoporosis, with corticosteroid therapy, 289
Outcomes
with interferon plus ribavirin for chronic hepatitis C (letter), 254
with unsedated small-caliber versus conventional esophagogastroduodenoscopy, 210
Ovarian pain, diagnosis and treatment of, 283

p53 mutation, correlated to microvascular invasion in hepatocellular carcinoma, 397
Paclitaxel, ischemic colitis associated with, 159
Pakistan, seroprevalence of antibody to hepatitis C virus in, 407
Pancreas
arteriovenous malformation with common bile duct dilation in, 61
solid cystic tumor of, with ossification and possible malignancy, coexisting with pancreatic duct nonfusion, 333
Pancreatic cancer, with colon primary cancer (letter), 91
Pancreatic duct nonfusion, solid cystic tumor of pancreas with, 333
Pancreatic endocrine tumor, with complete somatostatinoma syndrome, 415
Pancreaticobiliary arteriovenous malformation, with common bile duct dilation in hemobilia patient, 61
Pancreatitis
anion gap predicting severity of (letter), 343
with corticosteroid therapy, 289
as first presentation of ulcerative colitis (letter), 86
gallstone, in community teaching hospital, 41
Paracervical pain, diagnosis and treatment of, 283
Paraganglioma, periampullary gangliocytic, 154
Parenteral nutrition, abnormal vitamin levels in patients receiving, 393
Pathogenesis, of small intestinal neoplasms, 267
Patient education
for childhood constipation, 199
for gastroesophageal reflux disease and Barrett's esophagus, 262
Pediatrics, Boerhaave's syndrome in (brief report), 77
Pelvic congestion, diagnosis and treatment of, 283
Pelvic pain, in women, 283
Pepperment oil, improving manometric findings in diffuse esophageal spasm, 27
Peptic ulcer disease, intramural duodenal hematoma presenting as complication of, 53

Perianal fistulas, mucinous adenocarcinoma arising in (letter), 175
Perineal pain, diagnosis and treatment of in women, 283
Periportal hepatic necrosis, plasma isocitrate dehydrogenase as marker of, 118
Peritoneal mesothelioma, with long-delayed recurrence, 247
Peritonitis, spontaneous bacterial, mortality with (editorial), 259
Pernicious anemia, interferon alfa-induced, in chronic hepatitis C infection (letter), 426
Peutz-Jeghers syndrome, with small bowel neoplasms, 267
pH monitoring, intragastric, lessons from, 107
Pharmacologic management, intragastric pH monitoring in, 107
Pharnyx, manometry of for dysphagia, 355
Pheochromocytoma, intestinal pseudoobstruction in (letter), 253
Plasma homocysteine, terminal ileum resection and higher levels of in Crohn's disease, 132
Plasma isocitrate dehydrogenase, in centrilobular hepatic necrosis with hyperthyroidism, 118
Polycystic kidney disease, autosomal-dominant, living donor liver transplantation for, 229
Polycystic liver, living donor liver transplantation for, 229
Polymerase chain reaction analysis
  for amebic liver abscess with HIV infection, 64
  in hepatitis C virus RNA assay, 45
Polysplenia syndrome, stomach and rectal cancer with, 148
Postendoscopy syndrome (editorial), 353
Predictors, of Barrett's esophagus and gastroesophageal reflux disease, 306
Proctalgia, in women, 283
Proctalgia fugax, 283
Prognosis
  of hepatocellular carcinoma, p53 in, 397
  long-term, of cirrhosis after spontaneous bacterial peritonitis treatment, 295
Prognostic scoring, for liver failure, 191
Promotility agents, for gastroesophageal reflux disease and Barrett's esophagus, 262
Protein-losing enteropathy, in anti-double-stranded DNA disease, 340
Proton pump inhibitors
  concerns about chronic use of (editorial), 3
  for gastroesophageal reflux disease and Barrett's esophagus, 262
  short-term treatment with, 206
Proton pump inhibitors, intragastric pH monitoring with, 107
Pseudodiverticulosis, esophageal intramural, 378
Pseudoobstruction, intestinal, in pheochromocytoma (letter), 253
Pseudotumor cerebri, with corticosteroid therapy, 289
Psychologic side effects, with corticosteroid therapy, 289
Puerperium, celiac disease at sunset of (letter), 90
Pyridoxine levels, in home parenteral nutrition patients, 393

Radiofrequency ablation, for hepatocellular carcinoma (editorial), 180
Radiology, for childhood constipation, 199
Radiotherapy
  low-grade lymphoma of mucosa-associated lymphoid tissue after, 237
  prophylactic placement of gastrostomy feeding tubes before with head and neck cancer, 215
Rebound aggravation, with proton pump inhibitors, 206
Rectal bleeding, clinical characteristics of, 226
Rectal ulcers
  hemorrhagic, clinical characteristics of, 226
  solitary, in gastrointestinal bleeding in adolescent with hemophilia A, 72
Rectal vascular ectasia, with gastric antral vascular ectasia, 164
Rectum
  biopsy of for childhood constipation, 199
  cancer of with situs inversus totalis and polysplenia syndrome, 148
  watermelon, 164
Reflux esophagitis, omeprazole therapy effects on serum gastrin in, 32
Refractory gastrointestinal bleeding, thyroid hormone replacement for, 145
Respiratory quotient, in nutritional assessment, 14
Resting energy expenditure, in nutritional assessment, 14
Ribavirin, outcome of retreatment with for chronic hepatitis C (letter), 254
RNA assays, hepatitis C virus, 45

Sarcoidosis, inflammatory bowel disease and (letter), 345
Schistosoma mansoni, in hepatocellular carcinoma, 123
Sclerosing cholangitis
  with inflammatory bowel disease in Turkey, 299
  steroids for jaundice caused by, 319
Sclerotherapy, balloon catheter-assisted endoscopic, for gastric fundal varices, 49
Screening tests, for small intestinal malabsorption, 36
Seroprevalence, of hepatitis C antibody in Punjab region of Pakistan, 407
Serum D-xylose test, improving for small intestinal malabsorption identification, 36
Situs inversus totalis, stomach and rectal cancer with, 148
Small bowels
  malabsorption of, improving serum D-xylose test for, 36
  tumors of, 267
Solid cystic tumor, pancreatic, with ossification and possible malignancy, coexisting with pancreatic duct nonfusion, 333
Solitary rectal ulcer, in gastrointestinal bleeding, 72
Somatostatinoma syndrome, duodenal somatostatinoma presenting with, 415
Spastic esophageal disorders, endoscopy in, 185
Speckled pattern, in antinuclear antibody positive and negative hepatitis C virus patients, 402
Spleen, hydatic cyst of (letter), 89
Standardization, in nutritional assessment, 14
Steroids, for jaundice caused by primary sclerosing cholangitis, 319
Stomach
  cancer of, with situs inversus totalis and polysplenia syndrome, 148
  watermelon, 164
  with Addison's disease (letter), 173
Subcutaneous seeding, after fine-needle percutaneous biopsy (letter), 171
SuperQuant, in hepatitis C virus RNA assay, 45
Surgery
  for gastroesophageal reflux disease and Barrett's esophagus, 262
  for giant duodenal ulcer with liver penetration, 56
  for hepatocellular carcinoma (editorial), 180
  for ingested crosses, 310
  for synchronous gastric adenocarcinomas (brief report), 78
Survival rates, with p53 mutation in hepatocellular carcinoma, 397
Synchronous double cancer, of stomach and rectum with situs inversus totalis and polysplenia syndrome, 148
Systemic disease, with small bowel neoplasms, 267
Systemic lupus erythematosus, protein-losing enteropathy in, 340

Terminal ileum resection, with high plasma homocysteine levels in Crohn's disease, 132
Thrombocytopenia, with hepatitis C, interleukin-11 for (letter), 425
Thyroid hormone replacement, for refractory gastrointestinal bleeding, 145
Total parenteral nutrition, abnormal vitamin levels in patients receiving, 393
Toxins, in liver failure, 191
Tracheobronchitis, as initial presentation of ulcerative colitis, 161
Transplantation, live donor liver, 97
Triple eradication therapy, for perforated duodenal ulcer treated with simple closure (letter), 173
Tumors
  benign duodenal, 154
  pancreatic endocrine, 415
Turkey
  Helicobacter pylori with inflammatory bowel disease in (letter), 87
  sclerosing cholangitis with inflammatory bowel disease in, 299
  seropositivity against *Helicobacter pylori* CagA in gastric cancer patients in, 389
Ulcerative colitis
  5-amino salicyclic acid plus glucocorticosteroid versus metronidazole and ciprofloxacin for (letter), 85
  hyperbaric oxygen therapy for, 337
  Lactobacillus casei subsp. *rhamnosus* sepsis with, 251
  pancreatitis as first presentation of (letter), 86
  sclerosing cholangitis and, 299
  tracheobronchitis as initial presentation of, 161

Ultrasonography, endoscopic, for dilated common bile duct, 302
Upper esophageal sphincter, for manometry, 355
Upper gastrointestinal tract
  bleeding of in esophageal intramural pseudodiverticulosis, 378
  chronic proton pump inhibitor use and (editorial), 3

Vaccine, for combination of hepatitis A, B and C, 20
Vascular malformation, refractory gastrointestinal bleeding and, 145
Vasculitis, with hepatitis C-associated cryoglobulinemia, 327
Veterans, Barrett's esophagus and gastroesophageal reflux disease in, 306
Viral load, in hepatitis C, 45
Visualization, of anal ring (letter), 346
Vitamin levels, in home total parenteral nutrition, 393

Warm-type autoimmune hemolytic anemia, chronic hepatitis C virus associated with, 232
Watermelon rectum, case reports of, 164
Watermelon stomach
  with Addison's disease (letter), 173
  with rectal vascular ectasia, 164
Women, anorectal and pelvic pain in, 283

Zung's depression scale, in functional dyspepsia, 127
